

Desired Results Made Easy

Proposed DRDP© Process Improvement Plan | (800) 469-8621 request@childcaresresults.com | www.childcaresresults.com

Improve Your DRDP© Process

Eliminate Data Entry and Inform Decisions

Child Care Results will reduce the time and effort your staff dedicate to collecting the DRDP© child assessments and Desired Results Parent Surveys. We scan the assessments and surveys, eliminating the data entry so your staff can spend more time with the children and families you serve. For a site with 60 children, this will eliminate more than 15 hours of data entry alone.

After scanning the assessments and surveys, Child Care Results produces the highest quality reports in the sector. We specialize in the DRDP©, analyzing over 400,000 DRDPs© in the last 5 years alone.

Our reports are designed in focus groups of teachers and administrators ensuring that educators get the answers vital to improving the quality of the program and consistent with the best practices of observational assessments.

Using Data to Drive Instruction

Our process is straightforward. For LAUSD centers, simply complete and fax the **Purchase/Request Form** on our website. Child Assessment rating records and parent surveys will be mailed via UPS directly to your site within 3 days. *Please use only the rating records and surveys sent from Child Care Results as they are specifically formatted for scanning.*

The assessment rating records are completed and returned to Child Care Results via LAUSD mail. The results are available to you via e-mail and on-line within **10 business days**. That's it—no software to purchase or training required. With our service, you will have a complete understanding of the assessments and survey results, knowing not just how children developed from fall to spring, but how much you contributed to their growth.

How the Process Works

Step 1. Go to www.childcareresults.com/LAUSD and complete a **Purchase/Request Form**. Fax or email the completed form to request@childcareresults.com or (800) 493-8621. We accept P-cards or Purchase Orders.

Step 2. Request the number of DRDP® rating records and parent surveys you need. Child Care Results will deliver the rating records or surveys you need within 3 business days.

Note: Parent Surveys are available in English, Spanish, Vietnamese, and Chinese. Please specify the number you need by language.

Step 3. Teachers observe students and complete Child Care Results provided DRDP® Rating Records. Parents complete the Child Care Results provided Desired Results Parent Survey.

Note: Be sure teachers write the LAUSD Student ID and complete all of the fields on each rating record. The LAUSD Student ID is ten digits, starting with the child's date of birth, M or F (for gender), and a three digit number (e.g. 101506M001). You can create a report of Student IDs in ESIS. Click on Advance Reports and select ChildID.

Step 4. Mail completed Rating Records and Surveys via LAUSD mail to Child Care Results for scanning and analysis. Mail to: Attn: Child Care Results
Mar Vista Elementary School
Local District 3

Step 5. At each assessment period and after the surveys are submitted, full-color, exciting and easy to read reports are sent via e-mail and on-line to you **in less than 10 business days!**

What We Provide

Child Care Results can offer LAUSD a unique pricing model. The annual fee per Center is: **\$595***. This includes:

- Printing, Delivery, Scanning, and Analysis of Desired Results Developmental Profile® (2010) Rating Records (2x per year) and Parent Surveys (1x per year).
- E-mail and on-line delivery of our reports and analysis. We provide reports at every level. Visit www.childcareresults.com/LAUSD to view sample reports.
 - * **Student Reports** One version summarized for parents and another more detailed for the child file. *English and Spanish.*
 - * **Class Reports** Teacher friendly, graphical reports providing an overview of the class. Also includes listing of children by developmental level by measure for easy class planning.
 - * **Center Reports** Summarized analysis, focusing on ELL, School-Readiness, and potential training needs of your staff. Parent survey reports include bilingual Community Bulletin for promoting the successes of your center.
 - * **Local District Report** Child Care Results will consolidate data from all of the participating Centers in a Local District to report on the overall findings. The analysis will include an estimate of program impact.
